## Freedom Juniors

The Freedom Juniors program is an extension of the Freedom Soccer Club. Freedom Juniors is not a team, it is a soccer specific training environment for young players who desire to improve their soccer skills, understanding, and enjoyment of the game. The Freedom Juniors program is an advanced program. This is a supplement to recreation soccer.

## Who

It is recommended for all girls and boys 6-11 years who enjoy playing soccer and want to improve their soccer skills.

## Purpose of Freedom Juniors

The focus of the program is to help children develop the technical foundation needed to enjoy and play the game of soccer at the next level. This will be accomplished by placing the players in an age appropriate soccer environment. The emphasis will be fun and individual technical development.

Training will focus on improving dribbling, shooting, passing, ball control and other technical skills. Creativity will be encouraged. Included in the sessions will be activities to improve decision-making, foot speed, balance and coordination. Small-sided games will also be utilized to encourage skill application and promote team play.
